ABOUT ALINA DAN

Alina Dan is the only national and International consultant that presents the Holistic Approach to Documentation and how to present / create Holistic Services. Alina has over 18 years' experience in early childhood education and 17 years' experience in the business sector.

Alina Dan is regarded as a specialist in the early childhood sector due to her exceptional knowledge regarding the education and care regulations, the national quality frameworks and her assiduous experience in developing improvement/strategic plans.

Alina attends court session as an expert in the early childhood field. Alina has also written and developed numerous resources for the child care industry to ensure that her knowledge is shared and experienced by a vast array of educators and early childhood professionals.

Alina Dan Consultancy has presented to over 55 000 educators in Australia and has worked with over 5000 services nationally and internationally.

Alina specialises in practical solutions for documentation, innovative approaches towards programming and documentation, critical reflection evidence, NQF assessment, beyond behaviour management, effective leadership, cultural diversity and provocations. Most importantly Alina has a wealth of experience and knowledge when it comes to early childhood business models, team cultures and the Strength Based Approach.

Furthermore, Alina Dan is the founder and CEO of Holistic Approach Management and Consultancy. This concept has been most successfully embedded across organisations like HAFDC which is the largest and highest NQF rated scheme in Australia.

Alina Dan has a unique approach to delivering her sessions with a strong focus on engaging educators and helping them develop skills not just for professional development

but for life in general. She is renowned for her larger than life approach and dynamic deliveries.
